|--|---|
| <b>Objectives for Period</b>                 | Seeing as this is the first PPR, the only real objectives for this period was to create a draft of the Project Contract, Ethical Review Form, Global Impact Form, and the BCS Accreditation Checklist.  |
| <b>Summary of Progress for Period</b>        | The necessary documents were drafted and brought to the supervisor for review. All documents were in a generally acceptable condition, with some problems which will be covered in the next section.  |
| <b>Problem Areas and Suggested Solutions</b> | The supervisor pointed out that some information was missing from the Global Impact Form, namely that additional Possible Global Experiences could be considered and expanded upon.<br><br>The project contract was also missing some information, namely a section of the project background called Thematic Tie-in. |

|   |   |
|---|---|
| <b>Objectives, Deliverables, and Plan for Next Period</b> | <ul style="list-style-type: none"> <li>• Finish the Project Contract and expand upon the Global Impact Checklist, taking into account feedback from supervisor.</li> <li>• Deliver a copy of each document for supervisor signature.</li> </ul> |
| <b>Date of Next Review</b>                                | <i>25/10/2017</i>   |

| <b>Comments</b>                | Seeing as the next review was the next day, and the supervisor was quite rapid with communication, it should be noted that the delivered documents were finished, accepted, and signed. |
